Product Change Request

Daily ATM Withdrawal Limit Increase

1. Overview

Retail Banking requests an increase to the daily ATM withdrawal limit for existing retail checking customers, from $500 to $1,000 per day. This change applies only to customers already holding a retail checking account in good standing for at least 12 months; no new customer segment or product is introduced.

2. Customer Segment

Customer type: retail checking. No new customer types, jurisdictions, or vendor relationships are introduced by this change.

3. Transaction Profile

This change affects ATM cash withdrawals only. It does not change deposit patterns, wire transfer limits, or any other transaction type.

4. Target Launch

Retail Banking requests standard FCRM turnaround, consistent with routine product modifications of this kind.
